To

R. Ranga Rao, Esq., B.A., B.L.,
General Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e.

Sir,

Adverting to correspondence ending with your letter No. L 515/ L.B. 20-27-2 dated 23-7-1927 stating that the question of permanent location of the toll-gate on the Tumkur - Maddur Road within the -- limits of this District may be settled in consultation with the -- District Board of Tumkur in accordance with G. O. No. L.8795-814 L.B 49-25-28 dated 9-6-27, I have the honour to report as follows:-

The President, of the District Board of Tumkur was requested to obtain and furnish the consent of the Board to the District Board of Mysore permanently locating a toll-gate on Maddur - Tumkur Road -- subject to the conditions mentioned in para A(3) of the Government Order quoted above.

The President, of the Tumkur District Board replied that the Board were agreeable to a joint toll-gate if the Mysore District Board agreed to share the proceeds, giving 2/3 to the Tumkur Board and taking 1/3 for themselves.

The matter was considered by the Standing Committee of the -- District Board of Mysore at its meeting held on 30-9-27, when the undermentioned resolution was passed:-

"This District Board does not agree to sharing in unequal -- proportion. Under A(3) of the Government Order of 9-6-27, the

the Tumkur District Board can levy toll at half the -- Scheduled rates at Nidasale toll as it is less than 5 miles within Mysore District frontier. Unless the Tumkur District Board agrees to share the toll equally with the Mysore District Board and continues the common toll-gate, a separate toll-gate will be opened by the Mysore District Board."

This resolution was approved by the District Board at their meeting held on 15-10-27 (Resolution No.172).

In communicating the above resolution to the President, Tumkur District Board, he was requested to place the matter before the Board and furnish their final opinion. The Tumkur District Board have resolved that they would arrange for their own toll-gate.

The above correspondence was recorded by the District Board at their meeting held on 7-1-28 (Resolution No.203).

The District Board of Mysore at their meeting held on 7-4-28 resolved as follows:- "The Mysore District Board resolves to re-establish the toll-gate on the Tumkur Maddur road within its limits and levy half the usual fees under A(3) of the rules sanctioned in G. O. No. L8795-814 L.B.49-25-28 dated 9-6-27 and to request the -- Government to instruct the Tumkur District Board to reduce the fees in the Nidasala toll-gate by half under the rule."

In submitting herewith copies of the marginally noted papers bearing on the subject, I request that very early -- orders of Government may be kindly obtained to the above Board's resolution, so that the Mysore District Board may open their own toll-gate from 1st July 1928 and publish necessary sale notification in the Mysore Gazette in time.

To

The President,

District Board, Tumkur.

Sir,

I am directed to forward herewith a copy of letter No.C.2240/S.B. dated 20th April 1928 from the President, District Board, Mysore, regarding the permanent location of the Toll-gate on the Tumkur-Maddur Road within the limits of the Mysore Dist. It will be seen therefrom that the Tumkur District Board are not willing to share equally with the Mysore District Board for a common Toll-gate to be located at or near the frontiers of both the districts. The Mysore District Board have therefore asked for the permanent location of a Toll-gate at their frontier and thus to levy half the scheduled rate on the vehicles and animals passing through that gate.

It is understood that though the Middle Toll in the Tumkur District situates within 5 miles distance from the frontier, the Board have been levying full rate. With reference to this, I am to invite your attention to para A3 of G.O.No. 8795-814 LB 49-25 28 dated 9th June 1917 requiring the District Board to levy only half the fee when a toll gate situates within 5 miles distance of the frontier, and to state that the Board may either agree to a joint toll-gate or should only levy half the rate if Middle gate is to be situated within 5 miles distance of the frontier or arrangement should be made to shift the gate to a place more than 5 miles distance from the frontier.

The matter may be placed before the Board of their views as to the adoption of one or the other of above proposals for-warded to Government for consideration and orders at a very early date.

This may be treated as urgent as the establishment of a toll gate for Mysore has to be decided after hearing the views of the Board.

Copies of the resolutions of the Standing Committee and the District Board in the matter are herein enclosed for reference.

Action is accordingly being taken to manage the gate departmentally with effect from 1st July 1928 with the establishment --
